

WEI, XIAO

YOKOGAWA

Consultant

xiao.wei@nl.yokogawa.com

I am born in China and graduated with a Master degree (systems and control) from Delft University of Technology in 2013. Previously, I received a Bachelor in Automation from Tongji University (China) and University of Bologna (Italy).

I joined Yokogawa Europe as a consultant since 2014. I am focusing on big data analytics, machine learning, cloud computing and data integration in the field of process industry. I am responsible for Yokogawa Advanced Data Analytics team in Europe to develop data related solutions for our customers.
