

LAUN, Reiner
Festo AG & Co. KG

Product Manager, Business Developer

reinerlaun@festo.com

As Product Manager and Business Developer I have been working in the Process Industry for decades. From this point of view I was able to collect a lot of experience for Safety in the Process Industry. As Industry Segment Manager I am working more than 10 years for Festo. My main focus is on the Chemical industry with the view on products and solutions for control of process valves.
